Location ,location, location! North facing spectacular coveted Pinon C, single level, two bedroom plus office on the fourth hole. This is the perfect size unit if you are thinking of downsizing or living in a beautiful gated community. The best of many features combine in this immaculately maintained and artfully designed condominium. The property has been modified for more wall space. There was a pony wall that has been made to a full wall and superior lighting installed. The unit leans more to a soft contemporary. Added features, cork floors in dining and master bedroom.
